

NeurosurgeryPAC

2023 Annual Report

A MESSAGE FROM THE CHAIR

Thank you, 2023 NeurosurgeryPAC contributors!

Dear Fellow NeurosurgeryPAC Donors,

As my term as your NeurosurgeryPAC Chair comes to end and we reflect on the past year, I am filled with immense gratitude for your unwavering support and dedication to the NeurosurgeryPAC. Your generous contributions have not only propelled us forward but have also exemplified the strength and commitment of our community. Together, we have made substantial strides towards our mission, and for that, I extend my heartfelt thanks to each and every one of you.

This year marked the launch of our "Why I Give" campaign, an initiative designed to share the diverse motivations behind our supporters' commitments to the PAC. The response has been nothing short of inspirational. Your stories and reasons for giving have not only enriched our community but have also played a pivotal role in our nearly achieving our ambitious \$250,000 annual fundraising goal. This incredible milestone underscores the collective power of our voices and the profound impact we can make when we come together for a common purpose. But we can and should do better.

The enthusiasm and solidarity shown through the "Why I Give" campaign serve as a powerful reminder of why we must continue to support our political action committee. As neurosurgeons, it is imperative that we have the financial resources necessary to advocate effectively for our profession and, most importantly, for our patients on Capitol Hill. Our advocacy efforts are crucial in navigating the complex landscape of health policy and in ensuring that the interests of neurosurgery are represented and protected.

I am particularly proud to report that in 2023, NeurosurgeryPAC remained steadfast in its commitment to bipartisanship, supporting candidates for federal office from both sides of the aisle who champion the positions and health policy priorities of neurosurgeons and their patients. This balanced approach has ensured that our support is not limited by party lines but is instead focused on the issues that matter most to us. It is encouraging to note that our

A MESSAGE FROM THE CHAIR

support was evenly distributed between Democrats and Republicans, reflecting our dedication to fostering constructive dialogue and collaboration across the political spectrum.

Moreover, the fruits of our collective efforts have been evident in the significant achievements of members of Congress supported by NeurosurgeryPAC. They have championed key priorities that directly impact our field, including prior authorization reform, legislation to prevent Medicare cuts, and funding for graduate medical education. These accomplishments are a testament to the importance of our continued advocacy and the tangible results it can yield.

As we look to the future, I am filled with optimism and confidence in our ability to further advance the interests of neurosurgery. Your support is the cornerstone of our success, and I encourage you to continue standing with us. Together, we can ensure that our voices are heard, our priorities are advanced, and the field of neurosurgery continues to thrive.

Thank you once again for your dedication, generosity, and belief in our cause. Here's to another year of making a significant impact and driving positive change for neurosurgeons and their patients across the nation.

With deepest appreciation,

Stephen S. Scibelli, MD, FAANS, Chair
NeurosurgeryPAC

WHAT IS NEUROSURGERYPAC?

CREATED IN 2005, NeurosurgeryPAC is the political action committee of the American Association of Neurological Surgeons. NeurosurgeryPAC's mission is simple: solicit voluntary contributions from neurosurgeons to support candidates for federal office who support neurosurgeons.

NeurosurgeryPAC does this by making direct campaign contributions to candidates for the U.S. Senate and the U.S. House of Representatives who are supportive of the issues important to neurosurgery. NeurosurgeryPAC is nonpartisan and does not base its decisions on party affiliation but instead focuses on the records and campaign pledges of the candidates.

2023 Legislative & Regulatory Priorities and Accomplishments

The American Association of Neurological Surgeons and the Congress of Neurological Surgeons made significant strides in accomplishing their 2023 [legislative and regulatory agenda](#), thus ensuring that neurosurgical patients continue to have timely access to quality care.

PROTECT PATIENTS' TIMELY ACCESS TO CARE

In 2022, the House of Representatives unanimously passed bipartisan legislation to streamline prior authorization in the Medicare Advantage program, the [Improving Seniors' Timely Access to Care Act](#) (S. 3018 / H.R. 3173). In 2023, the Centers for Medicare & Medicaid Services cleared its final rule that aligns with provisions in this legislation by tackling the overuse and abuse of prior authorization by Medicare Advantage plans.

In addition, the [Safe Step Act](#) (H.R. 2630) to provide an exceptions process for medication step therapy protocols and the [GOLD CARD Act](#) (H.R. 4968) to exempt qualified physicians from prior authorization requirements were introduced.

CHAMPION FAIR REIMBURSEMENT

The [Strengthening Medicare for Patients and Providers Act](#) (H.R. 2474) was introduced. It would provide an annual inflation update for Medicare physician payments based on the Medicare Economic Index MEI. In addition, the [Provider Reimbursement Stability Act](#) (H.R. 6371) would modify Medicare's budget neutrality rules and was passed by the House Committee on Energy and Commerce.

FIX THE BROKEN MEDICAL LIABILITY SYSTEM

Legislation to provide liability protection for volunteers during a declared national disaster — the [Good Samaritan Health Professionals Act](#) (H.R. 2819) was considered.

ALLEVIATE THE BURDENS OF ELECTRONIC HEALTH RECORDS

The Office of the National Coordinator for Health Information Technology (ONC) at the U.S. Department of Health and Human Services released a [proposal](#) updating the ONC Health IT Certification Program to further advance interoperability, improve transparency, and support the access, exchange, and use of electronic health information.

SUPPORT QUALITY RESIDENT TRAINING AND EDUCATION

Legislation to add 14,000 Medicare-funded residency training positions and defer medical student loan interest during medical residency — the [Resident Physician Shortage Reduction Act](#) (S. 1302 / H.R. 2389) and the [Resident Education Deferred Interest Act](#) (S. 704 / H.R. 1202), respectively — achieved strong bipartisan support. Additionally, the [Children's Hospital GME Support Reauthorization Act](#) (H.R. 3887) to extend funding through FY 2028 was passed by the House Committee on Energy and Commerce.

IMPROVE COMPETITION IN THE HEALTH CARE DELIVERY SYSTEM

The [Patient Access to Higher Quality Care Act](#) (S. 470 / H.R. 977) to repeal the Affordable Care Act's prohibition on expanding physician-led hospitals was introduced in the House and Senate.

CONTINUE PROGRESS WITH MEDICAL INNOVATION

[Ellie's Law](#) (S. 895 / H.R. 902) was introduced and would provide funding at the National Institutes of Health to study brain aneurysms. Additionally, the [Gabriella Miller Kids First Research Act 2.0](#) (S. 1624 / H.R. 3391) would provide research funding to study pediatric diseases and was passed by the Senate Committee on Health, Education, Labor and Pensions and the House Committee on Energy and Commerce. Also, the [Sunshine Act](#) (H.R. 4402) would allow the provision of medical journal reprints to physicians without open Payments Program reporting.

TAKING NEUROSURGERY'S MESSAGE TO CONGRESS

Based on the generosity of our contributors, NeursurgeryPAC was able to participate in the following events for Senate and House candidates.

Rep. Don Bacon (R-Neb.)
Rep. Nanette Barragan (D-Calif.)
Sen. John Barrasso, MD (R-Wyo.)
Rep. Ami Bera, MD (D-Calif.)
Sen. Marsha Blackburn (R-Tenn.)
Rep. Earl Blumenauer (D-Ore.)
Rep. Lisa Blunt Rochester (D-Del.)
Rep. Brendan Boyle (D-Pa.)
Sen. Sherrod Brown (D-Ohio)
Rep. Vern Buchanan (R-Fla.)
Rep. Larry Bucshon, MD (R-Ind.)
Rep. Michael Burgess, MD (R-Texas)
Rep. Yadira Caraveo, MD (D-Colo.)
Rep. Tony Cardenas (D-Calif.)
Rep. Buddy Carter (R-Ga.)
Sen. Bob Casey (D-Pa.)
Sen. Bill Cassidy, MD (R-La.)
Rep. Kathy Castor (D-Fla.)
House Candidate Mary Ann Contogiannis, MD (R-N.C.)
Rep. Lou Correa (D-Calif.)
Rep. Suzan DelBene (D-Wash.)
Rep. Debbie Dingell (D-Mich.)
Rep. Neal Dunn, MD (R-Fla.)
House Candidate Becky Edwards (R-Utah)
Rep. Tom Emmer (R-Minn.)
Rep. Anna Eshoo (D-Calif.)
Rep. Ron Estes (R-Kan.)
Rep. Drew Ferguson, DDS (R-Ga.)
Rep. Brian Fitzpatrick (R-Pa.)
Rep. Lizzie Fletcher (D-Texas)
Rep. Josh Gottheimer (D-N.J.)
Rep. Mark Green, MD (R-Tenn.)
Rep. Morgan Griffith (R-Va.)
Rep. Brett Guthrie (R-Ky.)
Rep. Brian Higgins (D-N.Y.)
House Candidate Kyle Hill (D-N.Y.)
Rep. Steny Hoyer (D-Md.)
Rep. Richard Hudson (R-N.C.)
Rep. John Joyce, MD (R-Pa.)
Sen. Tim Kaine (D-Va.)
Rep. Mike Kelly (R-Pa.)
Rep. Robin Kelly (D-Ill.)
Rep. Dan Kildee (D-Mich.)
Rep. Derek Kilmer (D-Wash.)
Rep. Ann Kuster (D-N.H.)
Rep. Darin LaHood (R-Ill.)
